4A Hailey Chan

Myself

My name is Hailey Chan. I am nine years old. I am from Hong Kong. When I was three, I could play a computer game. Besides when I was four, I could make a phone call. However, I couldn't send a text message when I was five. Mum said when I started my school, I could wash my hair when I was three. Moreover, when I was four, I could carry my school bag. Yet, when I was five, I still couldn't tie my shoelaces. I think I am a smart girl because I am good at technology and self-care skills.
