Myself

My name is James. I am twelve years old. I am a clever boy. I live in Ap Lei Chau. I live with my parents.

I study at Aplichau Kaifong Primary School. My favourite subjects are English, Maths and Computer lesson. I like English because it is an international language. It is important and useful. I like Maths because I am good at numbers. I enjoy my school life. I like going to school every day.

I like reading books and playing computer games. I like reading books because I think knowledge is power. I often borrow different types of books from the library so that I can learn many new things. Reading is fun. I like playing computer games at the weekends. I always play games with my friends at home. I do not play computer games on weekdays because I am very busy.

I have a happy family. My father is a worker. He goes to work by bus. He is hard-working. He is very busy. My mother is a housewife. She gets up early in the morning. She cooks meals for us. She is also very busy every day. She is caring and patient. We always go to restaurants on Sunday mornings. Then, we visit my grandparents or go shopping. We are happy. I love my parents. They love me, too.

I want to be a vet when I grow up. It is because I like animals, especially dogs. If I want my dreams to come true, I need to work hard. I should gain more knowledge now.
