A Visit to Ocean Park

My mother's birthday is on 17th October. It was free for her to go to Ocean Park on her birthday. Therefore, we went to Ocean Park to celebrate her birthday last Sunday. We went there by MTR. We felt very excited.

Ocean Park was big and beautiful. I saw the pandas and Sichuan golden snub-nosed monkeys there. They were cute. We took pictures with them. After that, we went to see the golden fish. They were small but beautiful. Then, we took a cable car to the headland. We enjoyed the breathtaking views during the cable car ride. My mother and I liked to watch the jellyfish very much. My father liked to watch the sharks. I thought they were too scary because they were big and had sharp teeth. Next, we went to visit the sea animals, such as penguins and sea lions. They were lovely. After that, we rode on some thrilling rides. I like the roller coaster so much. It was exciting and fast.

We had our lunch in a Chinese restaurant. We ate some seafood. The food was delicious abut expensive.

Finally, my father bought a birthday gift for my mother and we went home. We were happy but tired.
