

Aplichau Kaifong Primary School

3B Sin Man Ho, Marco

My Favourite Family Member

My favourite family member is my cousin, Peter. He is tall and fat. He has big eyes and a round face.

Peter is my cousin and my best friend. We go to the playground together during the holiday. After school, we play football together happily.

I like Peter a lot. We never fight with each other but we sometimes argue when we play games. We say sorry to each other after that. We are like brothers.

I like Peter because he is generous. He always shares his toys and snacks with me.

Peter is my cousin and my best friend as well. I am glad that I have this lovely cousin.
