Let's go shopping!

Pat loves shopping. She was excited when Wai-yin shared with her her **design** of a new shopping centre in Ap Lei Chau.

Level

Jenny Shopping Centre is in Ap Lei Chau. There are many different types of shops. We can go to the food court in the shopping centre. It is on the second floor and by the side of a cinema. We can buy food and soft drinks there. We can go to a pet shop on the first floor. We can find cats and dogs there. We can buy CDs and music books from a music store on the ground floor. Outside the music shop there are two signs saying that you must not smoke in the shop.
