### A Description of my skills

My name is Charlotte Will. I am nine years old. I am from Hong Kong.

When I was four, I could watch videos on my mom's tablet. When I was seven, I could draw and do homework on the computer.

When I was five, I could take a shower and brush my teeth by myself. Dad told me that I could eat with chopsticks when I was four. When I was six I could pack my school bag but I couldn't carry it. When I was three I could get dressed by myself but I couldn't tie my shoelaces. I think I am very good at taking care of myself.
