### Happy Trip

It was a lovely Friday morning. The aliens at Happy School were excited because they were going to have a trip to earth.

Before the trip, the teacher explained the rules of how to behave on earth. "In the restaurant, we should eat quietly and talk politely to waiters. We shouldn't lick our fingers. When we are waiting for the bus at the bus stop, we should line up patiently, we shouldn't play noisily. When we watch movies in the cinema, we should turn off our mobile phones.

The teacher explained all this patiently to the aliens. There were many rules on Earth. After hearing about these rules, the aliens felt very unhappy, they reckoned there would be no fun. So they said together, " We don't like earth!"

Finally, the aliens drove their spaceship to another planet with no rules.
